WHO WE ARE

Simply Water Ltd. has been developing a water purification system since 1989. The result is a filter system based on ceramic technology which is outstanding in terms of:

EFFECTIVENESS

These ceramic filter elements are the preferred choice of many aid and relief agencies and embassies worldwide where water is dangerously polluted.

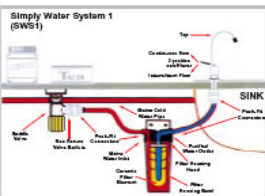

RELIABILITY

Manufactured to ISO 9002 standards using 150 years of filter manufacturing experience.

VALUE

It comes with unique comprehensive lifetime warranties. Once the system is purchased the only additional cost is the annual element replacement.

HOW IT WORKS

EASY TO INSTALL

The Simply Water System 1 (SWS1) kit is supplied with detailed fitting and operating instructions and includes push fit connectors for easy installation.

WHO USES IT?

B&Bs, clubs, embassies, hospitals, institutions, restaurants, schools etc and many many homes throughout the country.

SEE WHAT THEY SAY?

• Since we installed the Water Filter supplied by Simply Water, we have saved a fortune and are extremely pleased with the quality of the filtered water. It is easy to maintain and we are impressed by the aftercare and interest in us by Simply Water.
Ms. M.M., Slanu, Galway Cancer Care Help Centre.

• "The club purchased a Water Filter from Simply Water and there is a great improvement in the quality of our drinking water as a direct result."
Secretary, Kildare St. & University Club, Dublin 2.

• Just a note to say how delighted we are with the quality and taste of water since installing your Water Filter. We shall be recommending it to our friends."
Mr. P. S., Maxwell Motors Ltd., Blackrock, Co. Dublin.

• "I cannot adequately express my satisfaction regarding the Simply Water purifying system. We simply do not know ourselves since your system has been installed."
Rev. Canon J. F., Ennis Road, Limerick.

• "No longer is there any taste or smell of chlorine nor any particles floating in the water. Simply Water have given us an excellent service with this filter and are always very pleasant and friendly."
Mrs. E. L., McKee Ave., Finglas, Dublin 11

• "The quality of our domestic water has undergone a quite remarkable transformation, both in clarity and taste and we are most impressed with the results of having this filter installed."
Mrs. S. L., Killaloe, Co. Clare.

THESE PEOPLE ARE DOING SOMETHING ABOUT THEIR WATER...

WHY DON'T YOU?

**You are a Water being!
You are 70% Water.**

**Your blood is over
80% Water.**

**What do you want to be?
A chemical cocktail....
or Pure Water?**
